

MELEKTRI

Agricultural land

So close from Port Vila town, a short 10 minutes drive will take you to that large block of land of more than 34 Hectares. With the river running along one of the boundary and such a rich and fertile soil, it makes it the great place to grow crops or developing intensive market gardening and horticulture. Most of the land is already cleared from thick bush making it easy for access and ready to go for farming.
